  - Enrollment Lookup by ID
  - Student Lookup by ID
  - Student Lookup by Demographics
  - Special Education Lookup
- Error Articles at Help site: https://help.education.ne.gov/

District Next Steps – Review Errors

- Then review 26-27 school year (26-27 ADVISER data is used to assist with 25-26 Follow Up collection)
  - Specifically, the Prior Year error category
  - If the correction is needed in the prior year and the Follow Up collection is open, fix the data in the prior year (25-26)
    - Limited to Enrollment updates only
  - If the correction is related to data other than Enrollment, contact the Service Desk for a possible fix
    - For SPED exits, data will need to be reported in 26-27

SPED Summer Completers

Because SPED data is not updatable in the Follow Up collection, and Districts may need to report SPED summer completers after June 30th, schools will have to graduate students in 25-26, but exit them from SPED in 26-27:

25-26	**26-27**
Completer Enrollment Exit	Completer Enrollment Exit
Open ended SPED record	Exited SPED record

This will result in an error in 26-27, which the District should comment, then leave as is. It will not be fixable.

SPED Summer Completers

- Utilize the 'Special Education Student Exits' verification report, to view the data as it was on 6/30, as this is the data utilized for Federal reports

- Additional related SPED information
